Association News

THANK YOU

== FOR MAKING ==
ANNUAL CONFERENCE A SUCCESS

To our conference attendees, the companies who sponsored and exhibited, and those who cheered NAWIC on from home, thank you for making the 67th Annual Conference a success! We'll see you in Portland.

The NAWIC App is Out Now!

The NAWIC app is out now! It's the association you love in the palm of your hand. Access all things NAWIC by following the directions below.

1. Go to the App Store on iPhones or the Google Play Store on Androids and search for "NAWIC."
2. Download the app.
3. Once the app is downloaded, you will be prompted to login. You can do so using your NAWIC.org credentials.
4. Explore away!

If you are registered for Annual Conference, you will be able to see all conference tabs and pages under events.

If you are not able to login or have any questions, please contact Website and Database Manager Lauri McCullough at laurim@nawic.org.

Education / Training

The Coaching Corner with Michael Riegel: Should I Stay or Should I Go?

In March 2022, 4.5 million workers quit their jobs and there were over 11 million open jobs. Considering the unemployment rate, it also means that about 4.5 million workers started a new job. A little digging into the data shows that the driver of the “churn” in the labor market was from professional and business services and construction. Churn is a somewhat visceral term that, for me, brings an image of turbulence and disruptiveness. It is hard to manage effectively or efficiently if a business is battered by all that noise. As a project manager, coach, and small business owner I like predictability and calm. At the same time, I can appreciate the idea that there is opportunity in chaos. If you are thinking about what that churn means for you personally, you may want to ask yourself:

Women In Construction Hits 1 Million, A Record 14% Of Industry Workforce

As the construction industry's labor shortage intensifies, the number of women stepping into the industry has reached an all-time high.

The number of women working in U.S. construction hit 1 million this year for the first time, and women made up a record 14.1% of the sector's workforce in July, Bloomberg reports.
