

# Welcome to WIC WEEK

**Welcome to NAWIC's 25th Annual Women in Construction Week!** The focus of WIC Week is to highlight women as a viable component of the construction industry. Since its first year, it has evolved into a nation-wide initiative that thousands of people recognize and celebrate. Each year, chapters and companies across the country recognize the event through raising awareness about the opportunities in construction, learning about the barriers still in place for women in male-populated industries, and giving back to their communities.

This Toolbox is your guide to the week. From educational resources to events near you, keep reading to find out how you can celebrate!

DAY ONE
